Do you like to hold a...

Workshop

They offer participants a small group, where they can share ideas and learn from each other. The limited attendance allows more

interaction. Exact details should be discussed with the Programme Chairs.

Tutorial

Tutorials take place in preparation to the conference on 1st September, 2008 in the Swissotel Zurich.

It is possible to send proposals for one-day tutorials.

We are looking for presentations that will provide delegates with an overview of real life project experiences or software challenges.

The Tutorials should cover the same topics as planned for the conference. Proposals could be in English or German language.

Presentation

Presentations are planned during the conference (2nd – 3rd September, 2008) and will take place in the Swissotel Zurich. They are scheduled for 45 minutes.

These presentations should give a detailed insight into methods and tools used in project work and lessons learned. Research results are also of interest in this category.

Instruction Level

Please select one from the list:

Introductory: little or no familiarity with the subject.

Intermediate: general familiarity with literature and practice within the scope area

Advanced: thorough familiarity with current literature and practice

Target Group

Choose between....

Managers, Decision Makers and Specialists interested in the knowledge and efficient usage of State of the Art in Software Quality Management.
